COVENANT

Behavior and Discipline

I, the undersigned parent/guardian, give permission for my child to participate in the indicated camp. I understand that as a Christian camp there are basic expectations of respectful behavior, and if my child is overly disruptive he/she may be given a warning about such behavior. If disruptive behavior persists, the camp staff will first consult with me over the telephone and may later require me to remove my child.

The following are the basic behaviors asked of participants:

He/she will involve him/herself with camp activities offered.

He/she will be responsible to the adult leadership of the camp for the duration of the camp.

He/she will dress and behave as a Christian person.

Possession or use of any tobacco products, alcohol, or drugs (with the exception of prescribed medications) are grounds for immediate removal.
